512.498.1587

By sponsoring this cleanup, your company will be identified proudly and publicly by the Austin community as a philanthropic leader and having a serious commitment to protecting the Texas Colorado River.

COLORADO RIVER ALLIANCE

ABOUT

HISTORY OF THE CLEANUP

The Lake Travis Cleanup began in 1994 as an informal gathering of divers in the Lake Travis area who turned their recreational diving ventures into a small-scale cleanup effort. Due to the popularity of the program, the LCRA and Colorado River Alliance became involved a few years later to help facilitate boat support and proper waste disposal. The event is now managed by a partnership among the Colorado River Alliance, a nonprofit organization, and Travis County. Local dive volunteers, shoreline volunteers, and party volunteers gather to collect an average of 5 tons of trash from the bottom of Lake Travis and 11 Travis County Parks around the lake, while also helping to raise public awareness of the importance of Lake Travis and the Colorado River watershed.

COLORADO RIVER ALLIANCE

CRA is a nonprofit organization with the mission is to champion the long-term vitality of the Texas Colorado River through education and engagement. At Colorado River Alliance, we believe that a healthy, flowing river is imperative to the well-being of our communities and our state. We dedicate resources, time, and energy to educating Texans about how the Texas Colorado River supports us and how, in turn, we can ensure the longevity of its health. Since 1994, the Alliance has been connecting kids to the river, teaching them about natural resources, and helping to nurture a generation of water stewards and ambassadors.

THE IMPORTANCE

Flowing through the heart of our amazing city and Hill Country, the Texas Colorado River is truly our state's lifeblood. The river is important to our economy, our environment, our industry, our agriculture, and especially our lives as Texans. It is also the lifeblood of our state and Austin's \$150B economy, which provides recreational and social environment envied throughout the nation.

Now more than ever, families are looking to spend quality time outdoors and connect with our river through area parks, trails, water recreation, fishing and more... Its natural beauty and recreation opportunities have helped make Austin and its neighboring communities the fastest growing areas in America. To maintain this precious resource for future generations, we must inspire and empower today's youth and our communities to take action by keeping it healthy, clean, and flowing.
